Weekly Progress 2

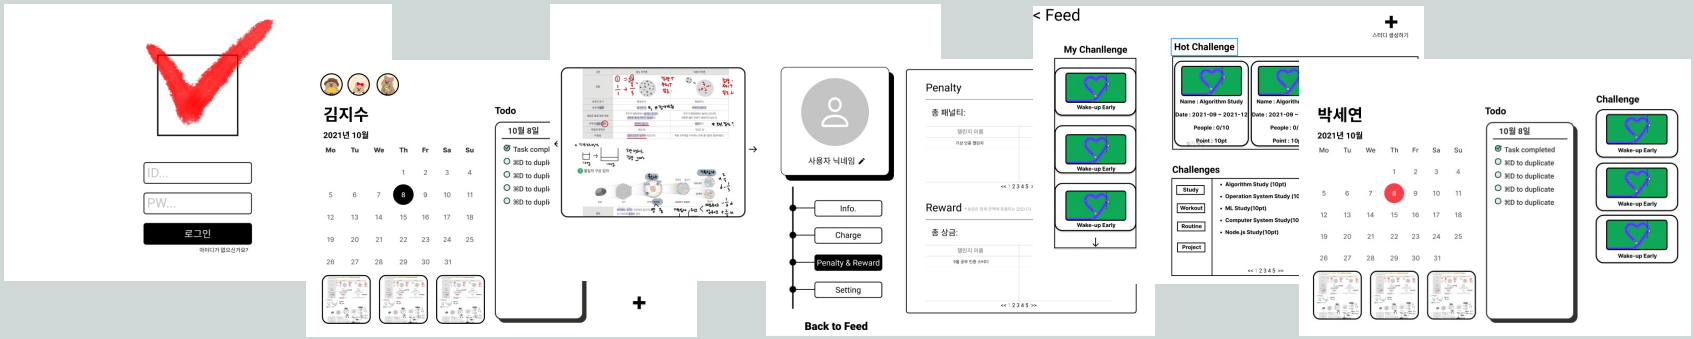
Capstone Design Project

TEAM B

2021.10.19

Last Week

Review last week work



- **Figma – Make a prototype**
- **Discussion of functional details**

This Week

Contents of this week work

1. Function Detail

1) Check the mate's challenge

When uploading a photo of day, user have to check the picture posted by mate the day before to upload it.

Uploading photos is possible only on that day to prevent uploading next day.

2) Matching

even – 1:1

odd: 3 people is 1 group. (A → B → C → A)

3) Last day of challenge

On the last day of the challenge, just upload picture and achieve goal.

4) Give up challenge

If user give up the challenge, that user can't receive the Deposit that paid to enter the challenge.

5) Can't participate in period
