

Capstone Design: Proposal Evaluation Sheet

Date: 2021.09.23

Your Team: EDITH(D)

Team to be Evaluated: C

Team Leader: Chingis Oinar

The table in the next page contains evaluation criteria for a proposal. BG, PS, and PP represent background and related work, problem statement and proposed solution, and project planning, respectively. Please write the scores with a short description (i.e., why do you think so?) per each criterion.

Criteria	Items	Score
BG (30%)	Does the team thoroughly study prior work/approach/idea? 기존 아이디어/접근방식/연구를 빠짐없이 정리했는가?	45 / 50
	Does the team properly understand or classify related work? 기존 아이디어/접근방식/연구에 대해 적절히 이해하고 분류했는가?	45 / 50
	[Description] The team made a good job on studying the demand on this project. The work is well-presented.	90 / 100
PS (40%)	Is the proposal worth addressing? 제안한 내용은 충분히 의미 있는 프로젝트인가?	10 / 30
	Does the team clarify the problem? 해당 팀은 문제를 명료하게 정의하고 있는가?	30 / 40
	Is the proposed solution logical and practical? 제안하는 솔루션은 논리적이고 실용적인가?	15 / 30
	[Description] The solution is well-explained; however, it seems to be relevant for day trading only. The team could not share some details, so it left some questions. However, the project has the potential and can be improved.	55 / 100
PP (30%)	Is it appropriate for a semester-long project as a team? The proposal must be neither too trivial nor too hard. 한 학기 동안 팀이 수행하기에 적절한 난이도인가?	25 / 40
	Are individual roles and collaboration clearly defined? 개별 역할 분담과 협업이 명료하게 정의되어 있는가?	30 / 30
	Is the final product meaningful? 최종 결과물이 의미 있는가?	20 / 30
	[Description] The project is meaningful but there are many similar project on the Internet, hence the difficulty can be raised by adding more details.	75 / 100
Total (종합)	BG * 0.3 + PS * 0.4 + PP * 0.3 =	71.5/ 100

Review (총평)	The problem is well-defined but should be investigated further. The proposed solution left some questions. It can be improved by exploring existing solutions more. Overall, the idea is well-defined and well-presented.
