

Capstone Design: Proposal Evaluation Sheet

Date: 2021.09.23

Your Team: Fancy (F)

Team to be Evaluated: H

Team Leader: Minji Cha

The table in the next page contains evaluation criteria for a proposal. BG, PS, and PP represent background and related work, problem statement and proposed solution, and project planning, respectively. Please write the scores with a short description (i.e., why do you think so?) per each criterion.

Criteria	Items	Score
BG (30%)	Does the team thoroughly study prior work/approach/idea? 기존 아이디어/접근방식/연구를 빠짐없이 정리했는가?	40 / 50
	Does the team properly understand or classify related work? 기존 아이디어/접근방식/연구에 대해 적절히 이해하고 분류했는가?	40 / 50
	[Description] The team explained about the existing services and technologies well. Also, they provided a good explanation on why they try to use CNN.	80 / 100
PS (40%)	Is the proposal worth addressing? 제안한 내용은 충분히 의미 있는 프로젝트인가?	20 / 30
	Does the team clarify the problem? 해당 팀은 문제를 명료하게 정의하고 있는가?	29 / 40
	Is the proposed solution logical and practical? 제안하는 솔루션은 논리적이고 실용적인가?	21 / 30
	[Description] The motivation of this project is persuasive that some people want to know about specific locations. However, it's difficult to understand what kind of service this proposed solution provides for such people.	70 / 100
PP (30%)	Is it appropriate for a semester-long project as a team? The proposal must be neither too trivial nor too hard. 한 학기 동안 팀이 수행하기에 적절한 난이도인가?	34 / 40
	Are individual roles and collaboration clearly defined? 개별 역할 분담과 협업이 명료하게 정의되어 있는가?	25 / 30
	Is the final product meaningful? 최종 결과물이 의미 있는가?	20 / 30
	[Description] Even though the pictures are taken in the same place, they look very different. Hence, it seems quite difficult to implement this service. The individual roles are divided well.	79 / 100
Total (종합)	BG * 0.3 + PS * 0.4 + PP * 0.3 =	76 / 100

Review (총평)	<p>The explanation on what technology they are going to use was very good. However, what kind of service this project is trying to provide to people is not clear. Also, there are some people who don't want to expose their locations, so the team should think about this issue, too.</p>
