## **Capstone Design: Proposal Evaluation Sheet**

Date: 2021. 09. 16

Your Team: Team H(the outsiders)

Team to be Evaluated: Team C

Team Leader: Chae seung yun

The table in the next page contains evaluation criteria for a proposal. BG, PS, and PP represent background and related work, problem statement and proposed solution, and project planning, respectively. Please write the scores with a short description (i.e., why do you think so?) per each criterion.

Criteria	Items	Score
BG	Does the team thoroughly study prior work/approach/idea?	26 / 50
(30%)	기존 아이디어/접근방식/연구를 빠짐없이 정리했는가?	
	Does the team properly understand or classify related work?	28 / 50
	기존 아이디어/접근방식/연구에 대해 적절히 이해하고 분류했는가?	
	[Description]	54 / 100
	Existing research is not specific enough. No actual research has	
	been done on what AI was used and what problems were faced.	
PS	Is the proposal worth addressing?	23 / 30
(40%)	제안한 내용은 충분히 의미 있는 프로젝트인가?	
	Does the team clarify the problem?	29 / 40
	해당 팀은 문제를 명료하게 정의하고 있는가?	
	Is the proposed solution logical and practical?	22 / 30
	제안하는 솔루션은 논리적이고 실용적인가?	
	[Description]	74 / 100
	Proposed solution was logical, but reason people use this	
	program compared existing program is weak.	
PP	Is it appropriate for a semester-long project as a team? The	29 / 40
(30%)	proposal must be neither too trivial nor too hard.	
	한 학기 동안 팀이 수행하기에 적절한 난이도인가?	
	Are individual roles and collaboration clearly defined?	23 / 30
	개별 역할 분담과 협업이 명료하게 정의되어 있는가?	
	Is the final product meaningful?	20 / 30
	최종 결과물이 의미 있는가?	
	[Description]	72 / 100
	This program would be difficult, and they didn't distribute specific	
	members in individual roles.	
Total	BG * 0.3 + PS * 0.4 + PP * 0.3 =	67.4/100
(종합)		

Review	
(총평)	

The idea was good enough, but it needs more specific information about background works and proposed project. Also, it looks hard to develop in one semester and Proposed solution doesn't look practical. However, if they develop simple stock program so that users can easily use their program, it would be nice project.
